The worst criminals are those who hide in plain sight to perpetrate evil on their unsuspecting victims. The ability to perpetuate a façade which insulates the predator from blame and public scrutiny is what empowers many abusers to maintain their strangle hold on their victims while reeling more innocents into their unhealthy circle.

Former 80’s child star Corey Feldman has and continues to be very vocal against sexual assault and pedophilia in Hollywood, threatening to tear down the veil and expose the hard taskmasters who are taking advantage of vulnerable people within the entertainment industry.

While Feldman presents a façade of an advocate, gearing up to fight for those who have been assaulted and raising trough various platforms hundreds of thousands of dollars in the name of “The Cause” he is said to be secretly assaulting and inflicting the same injuries that were inflicted on him on others .. in other words the abused has become the abuser.

This is especially damning when viewed against the backdrop of Feldman’s well publicized intentions to expose sexual predators in Hollywood through his documentary film “My Truth: A Rape of 2 Coreys” The documentary follows Corey Feldman who presents allegations that himself and [the late Corey Haim](#), the Canadian actor (Lucas, Lost Boys, License to Dive, Silver Bullet) who died in 2010, were sexually abused by Hollywood moguls.

A number of women have recently come out to openly accuse the former Goonies , Licence to drive and Lost Boys actor of rape, abuse, physical and sexual assault. Although some of the allegations and questionable sexual behaviour have been circulating on social media for the past decade, they were recently exposed and vocalized by [Mindy Robinson](#), a conservative activist, political commentator, and actress who had been a friend and close associate of Feldman.

On June 16 2020 Mindy Robinson published an [open editorial titled “Corey Feldman is a Sexual Predator: Former Angels Speak Out”](#) to lend weight to some of these accusations.

“He demanded I had to wear white if we hung out or did an event which was...weird, but whatever. Then he started demanding that I couldn’t eat meat in front of him. He had

demanding that I couldn’t eat meat in front of him. He had actually invited me to dinner, but then refused to “allow” me to order anything with meat because he was vegan and found it “offensive” which was the last time I agreed to ever take him up on dinner.”

CORONAVIRUS IS EASIER THAN YOU THINK.

JUST STAY HOME.

According to her, Corey Feldman, not only destroyed the lives of women who were around him. He wanted to control everything, the way they dress, the things they eat and the way they live their lives. He wanted to control each and everything. Icing on the cake was drugs, he lured women to do drugs with him so he can take benefit of their vulnerable condition and can have sex with them.

She also mentioned an incident when she was invited on his [Birthday party](#) and upon reaching she was told that she has to pay to get entry or the other option is to get in naked.

And that’s not all she also revealed that she later found out that Feldman was having unprotected sex with women while using his [celebrity status](#) and she also met a women whom he gave a bladder infection after luring her to have drugs with him and later have sex.

“Corey liked using his “celebrity” status to reel in young, usually out of town, naive girls, but it turns out he also convinced them that a make-up sponge dipped in a questionable spermicide he bought from China would protect them from every disease in the world...including AIDS.” Mindy wrote.

Adding, “Corey Feldman is a manipulative, emotional bully and takes advantage of every one he knows. I very well

and takes advantage of every one he knows. I very well believe that he himself was a victim of sexual abuse...but that does not give him the right to sexually violate women all the while pretending to fight Hollywood predators. Make no mistake, Corey Feldman is a sexual predator of the worst kind.”

Mindy was not only brave enough to speak for herself but also to share letters of several women who were harassed by Feldman in their career.

So far, eight women have spoken out as victims and witnesses of Corey Feldman’s allegations of rape, mental and physical abuse. Some of them have worked in very close proximity with him and or have been a part of Corey Feldman’s band Corey’s Angels.

Mara Moon

[Mara Moon](#), a singer and songwriter who was a part of Feldman’s 2017 tour said she was subjected to emotional abuse because she refused to acquiesce to Feldman’s sexual advances. She was forced to watch his orgies, drug and abusive behaviour.

Jacqueline Von Rueden

[Jacqueline Von Rueden](#) , one of the former band member of Corey Feldman from the summer tour of 2017 revealed that Feldman and his wife Courtney Anne Mitchell (Now Courtney Feldman) former [Canadian @beachbunniesspa escort](#) was fond of group sex parties and they often lured new comers to participate in the group sex with them, she also accused Feldman of inappropriate behaviour towards her.

“There were several times at his home or on tour where he grabbed at my butt or breasts” Says Von Rueden.

She also mentions a specific night when Feldman had sodomized an unnamed girl while his wife, watched and encouraged him.

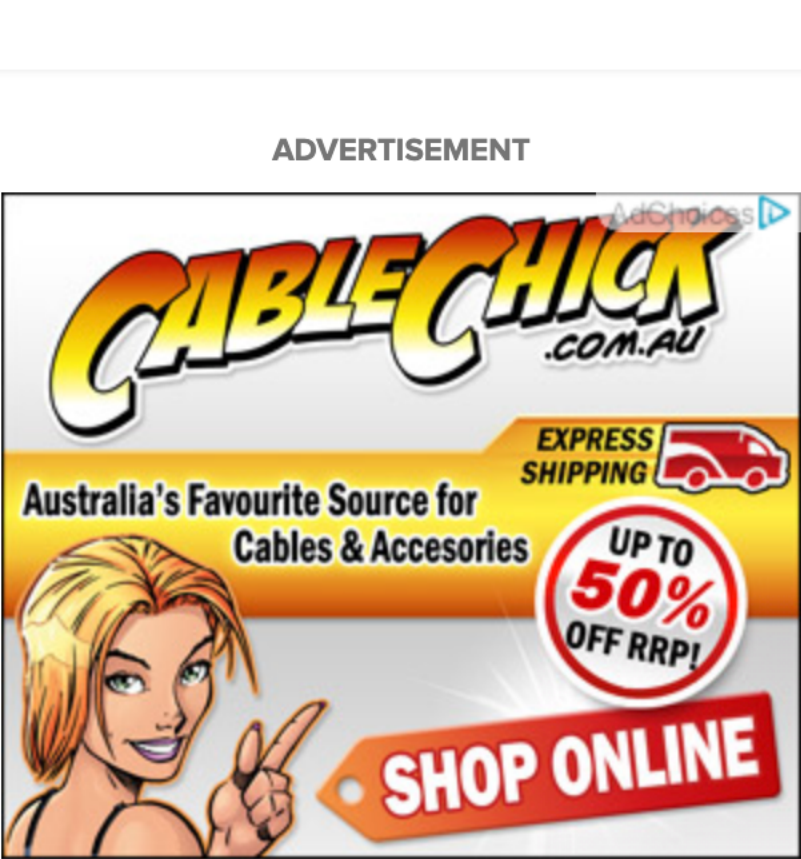

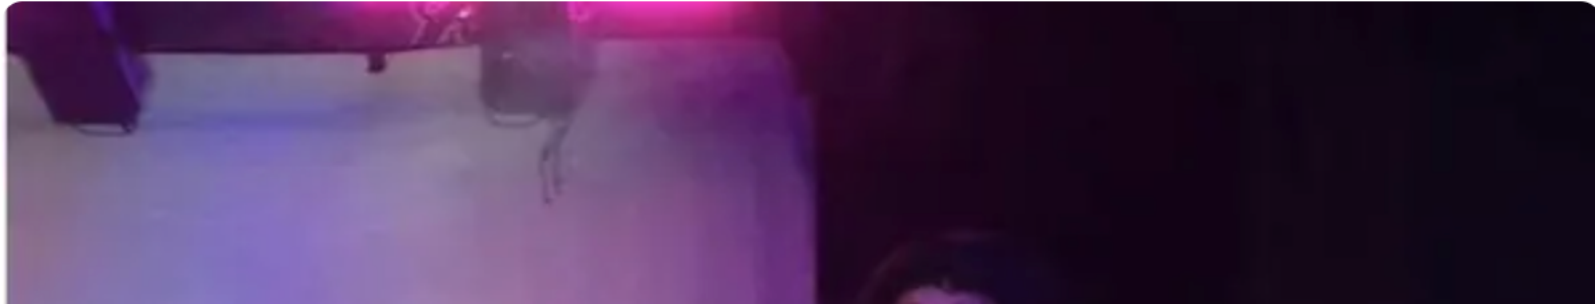

“This happened while on tour in New York City. I tried to go back to the tour bus with the other girls after our show but he yelled at me and said I had to go with him because it was his birthday. We had a party at his hotel suite. Some of the girls left and then Corey had sex with the ones who stayed besides myself and one girl who was there with her boyfriend who only had sex with him while we watched.”

Eventually that couple left too. One of the other girls had told Corey earlier in the day that she was going to have anal sex with him as a gift for his birthday. She had never done it before and when he told her he wanted to do it, she said no because she was scared and she had changed her mind.

His wife Courtney started screaming at the girl, saying that she had to do it because she already said she would. Corey yelled at her too. The girl started crying and kept saying no, but Corey didn’t care and he forced himself on her. His wife was touching me and kept saying “Isn’t that so hot?” while he raped her. I had done so much MDMA and ketamine that I was physically ill, I felt freezing cold and I couldn’t move or speak. “

According to her, Feldman somehow still managed to keep his angelic image in the eyes of the girls which he used to calm his lust.

According to several posts on [THE DIRTY](#) Courtney Feldman has been accused of similar behaviour with her then boyfriend Lindsey Chemlyk.

Apparently Corey Feldman likes beating women up in addition to sexually assaulting them. Never witnessed him hit a woman personally, but I always wondered since his wife mysteriously got a fat lip more than once after they had been fighting...

During the first week of June 2020, another woman by the name of Chantal came forward and claimed to have proof from both former child actors [Jamison Newlander](#) (the other Frog brother in the film Lost Boys) and Corey Feldman that showed before the “brand” Corey’s Angel’s was created, [Feldman had attempted to launch a talent agency for young women](#). The first step in the audition process was for these young girls to take and send pictures of themselves for Feldman to approve before making contact with any of them. The pictures would be sent to a woman by the name of Nicole Howe who would then decide which should be forwarded on.

Chantal interview

Chantal stated in her interview that many of the pictures that came through were disturbing to see. There were many pictures of young girls dressed in lingerie leaving very little to the imagination. It is unclear what Feldman did with those pictures once he had received them, but as Chantal would later go on to claim, there were instances where Corey Feldman would feed drugs to minor girls and proceed to abuse them. Jamison Newlander not only knew of this happening, but has seen these things for himself. Rather than report any of this to the authorities, he has remained silent and in full support of Feldman

Hey Chantal. Thanks for reaching out. It’s an odd position to be in. Truthfully, I’m not really interested in being involved much more in all of this. I was just trying to help set the scene with the documentary — trying to get across that feldman, Haim and I had a really very typical summer for 15/16yo boys and how amazing it was. How whatever stuff they go into later in their fame — this summer of 1986 was special and very kid-like. If I had to do it over again I would probably not get into some of those details. Those were part of the memory and can be fairly typical ways for teenage boys to act together when they hang out.

I don’t know what the right thing to do is. I’m not on either side. Just trying to be a good friend to Feldman as he tries to get out a story that he felt was important to tell. But it’s so tricky and I’m not really happy about the details they used from my talk. So I get it if you or others feel the same way. I’m ready to move on from all of this. ;)

Hope this corona virus lockdown hasn’t been to hard on you or your people. Thanks again for your perspective. I’m going to start a podcast soon and I may address this sentiment I wrote above. I’ll let you know if I do. Wishing you good health
